FINANCE DEPARTMENT.

NOTIFICATION.

Port St. George, February 11, 1911.

No. 14.—The following resolution of the Government of India is published:—

FINANCE DEPARTMENT.

Delhi, 1st February 1911.

PROMISES AND RECEIPTS.

No. 105-C.R.—The Government of India have had under consideration for some time past the question of the rate of exchange at which promises and securities issued in sterling, whether paid

from general revenues or from family pension funds, should be converted into rupees when paid in India. Before the war the majority of these pensions were paid at a fixed rate of Rs. 40 to the rupee, which was the rate of exchange for the adjustment of financial transactions between the British and the Indian Governments. When the rate of exchange first rose during the war to Rs. 80, the rate was adopted for the adjustment of financial transactions between the British and the Indian Governments; but as regular pensions fixed in sterling, it was decided that for so long as the exchange value of the rupee for financial transactions remained at Rs. 80, they should continue to be paid at that rate. They have accordingly been paid at that rate ever since. The Government of India are of opinion that the time has now come when temporary arrangements of the kind should cease and matters should be placed upon a more regular basis. They have accordingly reconsidered the whole question in connection with the Secretary of State and are pleased to lay down, with his approval, the rules, a copy of which is appended to this resolution, governing the rate of exchange at which pensions fixed in sterling, including Indian Civil Service pensions, shall in future be converted into rupees.

3. It is requested that the provisions of rule 1 may be brought prominently to the notice of all persons appointed hereafter by local Governments to posts which qualify for pensions expressed in sterling.

4. A copy of the necessary amendments which will be made in the Civil Service Regulations is appended to this resolution.

RULES GOVERNING THE RATE OF EXCHANGE AT WHICH PENSIONS FIXED IN STERLING INCLUDING THE INDIAN CIVIL SERVICE PENSIONS, SHALL IN FUTURE BE CONVERTED INTO RUPEES.

A.—GENERAL.

1. These rules shall come into force with effect from the 1st February 1921.
2. In these rules—
 - (a) "at present" means on the date on which these rules come into force.
 - (b) "The current rate of exchange" means such rate of exchange as the Secretary of State in Council may by general order prescribe in this behalf. The rate at present prescribed is the rate for telegraphic transfers from Calcutta on London on the first day of the month preceding that in which a payment falls due.

B.—CURRENT PENSIONS.

3. All existing pensions, payable in India, who are at present in receipt of pensions calculated at the rate of Rs. 40 to the rupee, will continue to be paid at this rate so long as they reside permanently in India.
4. All existing pensioners of Indian domicile who are at present drawing their pensions in sterling will be permitted, on return to India, to convert their pensions at the rate of Rs. 40 to the rupee so long as they reside in India.
5. All persons of Indian domicile, who are at present in Government service, will be permitted, on retirement, to convert their pensions at the rate of Rs. 40 to the rupee so long as they reside in India.
6. All Departmental and Warrant officers now serving in Indian Army Departments whose pensions are at present fixed both in sterling and rupees and who are already retired who are in receipt of fixed rupee rates of pensions, or who are now receiving pensions at sterling rates and may hereafter wish to reside in India and receive payment at rupee rates, will continue to receive those rates so long as they reside permanently in India or elsewhere where the Indian Government rupee is legal tender. Officers of the above classes entering Government service in future, will, if they reside in India, have their sterling pensions converted at the current rate of exchange.

7. All pensioners of the Indian Civil Service who are not covered by rules 3, 4 and 5 above, may, at their option, draw their pensions in India either at the rupee rate authorized by statute 27 Viet. Chap. 11, as reproduced in article 261 of the Civil Service Regulations, or at the current rate of exchange.

8. All pensioners other than those mentioned in rules 3 to 7 above, will, if they draw their pensions in India, convert them into rupees at the current rate of exchange.

C.—FUND PENSIONS.

9. All widows and orphans drawing from pension funds in India payments which are fixed both in sterling and in rupees will continue to draw them at the rupee rate so fixed.

10. All widows and orphans, already in receipt of pensions from the Indian Civil Service Family Pension Fund, the Indian Military Service Family Pension Fund or the Indian Military Widows' and Orphans' Fund whose pensions are at present being converted at Rs. 40 to the rupee, will continue to draw them at that rate.

11. The pensions of widows and orphans who reside pension, fixed in sterling only, from pension funds, are mentioned in the foregoing rules, to which such widows are not now entitled, as well as of pensioners under the Indian Civil Service Family Pension Fund, the Indian Military Service Family Pension Fund or the Indian Military Widows' and Orphans' Fund, who are dependent on pension now in the service will in future be converted at the current rate of exchange subject to the proviso that the converted rate from sterling to rupees, when the pension is drawn in India, will not be less favourable than Rs. 40 to the rupee.

12. In every other case conversions will be effected at the current rate, no privileged rate being allowed.
